

How Do We Find Innate Behaviors Notes

Remember what a fixed action pattern is?

- Behaviors that are _____

- Will be performed in _____
 - Same way _____
- Brought on by a _____

How can we show a FAP is innate?

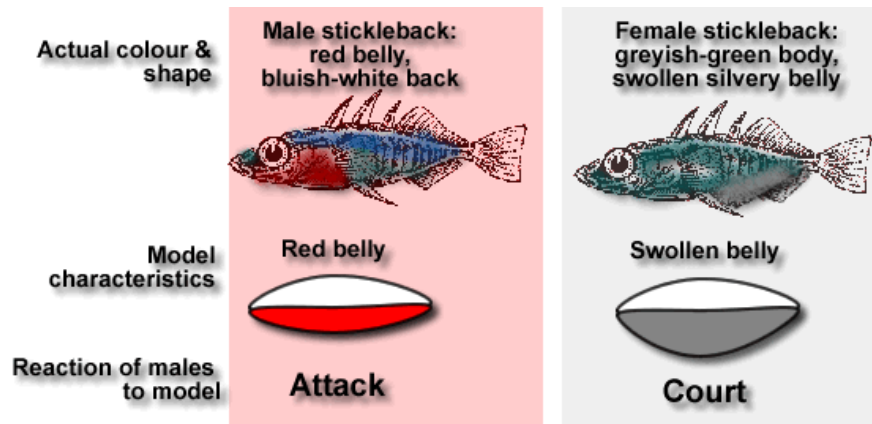

- Deprivation experiments: _____

- Hybridization experiments: _____

- Manipulation of environment vs. Genes: _____

- Reaction to Sign Stimuli experiment: _____

Stickleback Study

What did this study show?

Herring Gull Feeding Study

- To figure out what _____

- Study exposed chicks _____

- Found that _____

Supernormal Stimulus?

- A model or manmade stimuli that causes _____
